These horses, with Tippeco, 2:30, by Napoleon, made a good record for Napoleon blood last week. The list will grow as time goes by.

The Y. M. C. A. lecture course for this season is replete with good things intellectually. The permanent good that the dissemination of the ideas yielded by a first class lecture course is inestimable and the formative influences that result from listening to Conwell, Norcross and Willets should be considered. The high class of talent and the very moderate price charged for season tickets should give the course a liberal patronage. The canvass for the sale of tickets will soon be made.

Flint Globe: Mr. Mark Earl, son of J. Hamilton Earl, died suddenly at his home on Mason street Thursday night, of hemorrhage of the bowels. He came over to his place of business, VanWormer & Case's restaurant, Thursday morning as usual, but was obliged to return home and take his bed. He grew rapidly worse until he died. He leaves a wife and two children. His father and mother reside on Third street, first ward, also his sister, Miss Emma Earl, a teacher in the city schools. He also has one brother, residing at Owosso, who arrived here yesterday. As the Globe went to press last evening, the arrangements for the funeral had not been perfected.

A new convalee of the Royal Adelaide—a life sickness and accident insurance fraternity—has been organized in this city, offered as follows:

Commander—Thos. Kerwin; V. Commander—W. L. Norris; P. Commander—Dr. Hume; Asst. Commander—H. A. Beach; Treas.—J. W. Johnson; Sec'y—Fred W. E. Townsend; Collector—J. J. Mackey; Guide—A. Jackson.

The sickness and death claims paid in Owosso by this order in years past has given it a reputation for reliability second to none, the sickness and accident benefits in particular being the strong points in its favor, as compared with ordinary fraternal insurance. The new convalee starts with about 65 charter members—probably the largest charter membership of any organization in the city.

"The Abuse of Noise."
I read in your last issue an article protesting against the "abuse of noise." The thought came to me that the writer was not a workman or a mechanic, or else he would be up by six, or before, in the morning, or go to his work without his breakfast. His wife, also, would be up to help him get off to work. The six o'clock whistle does him no harm; and the workman's wife has to take care of the little ones until the small hours. Now if C. P. P. lived within fifty rods of either railroad he would be kept awake by the worst abuse and nuisance ever committed on the public, the locomotive whistle. A WORKINGMAN.

Communication.
TO THE TIMES.—

GENTLEMEN—I have been requested by a number of T. & A. car shop employees and others to reply to the recent article, "A protest against the abuse of noise," appearing in your last issue. It is unnecessary to repeat but little of that which appeared under the signature of C. P. P., but it is necessary to notice some of the points made in that complaint.

The writer says that it would be a terrible thing to be compelled to live in a world of silence, and in the next paragraph complains of living amid noise. When a person reaches that state in life that he cannot stand the noise made in Owosso, he should be furnished with whines to journey to that land of sweet repose, "whence no traveller returns."

After commenting upon the industrial growth of Owosso, the writer ceases and gives no one the credit. I would ask who erects the business and manufacturing structures, and maintains the industrial life of the city? I claim it is the laboring classes. This complaint admits that the whistles might do in a farming community but does not consider that the laborers also are of necessity early risers. Shall the interest of the high society element and those who frequent saloons and maintain late hours be subordinated to those who labor?

While the 6 o'clock whistle may disturb one class, it reminds the laborer of the day's duty. The city having no clock, times are regulated by these whistles. In the whole state there are but two cities of enterprise that do not sound the bugles of business.

In behalf of a great many petitioners and the workmen of Owosso, I would respectfully ask Mr. Galloway to reconsider his order which prevented the blowing the 6 A. M. whistle. If those who complain of the noise know of the disadvantage which the order to cease blowing that whistle caused to workmen and knew their feelings in this regard, he would forever hold his peace.

Very Respectfully,
F. C. FISCH.

Representative Convention.

The Republican representative convention for the second district was held at the city hall, Owosso, on Wednesday. In the absence of Chairman Parkill, A. B. Crane, of Rush, called the convention to order and asked F. M. Shepard, of Owosso township, to preside as temporary chairman. On motion of F. M. Shepard, Fred E. Edwards, of Owosso, was elected secretary.

A committee of F. M. Shepard, C. T. Wing and W. C. Stiff was appointed on credentials. The report of the committee showed delegates present from all the towns and wards except Selota, Woodhull and Fairfield.

The temporary officers were made permanent and on motion the chair named as tellers C. H. Calkins, A. B. Crane, Geo. F. Bennett.

The convention then proceeded to an informal ballot for a candidate for representative with the following result: whole number of votes cast 59, of which A. B. Crane received 17, F. M. Shepard 16, Chas. T. Wing 13, J. A. Chapin 5, L. C. Cooper 1, Geo. Cook 1, J. W. Miles 3, John Morris 1, N. A. Finch 1, S. F. Smith 1.

The first formal ballot showed 58 votes cast: A. B. Crane had 20; C. T. Wing 19; F. M. Shepard 16; J. W. Miles 2; J. A. Chapin 1. After the result of this ballot was announced A. B. Crane said that he wished to withdraw his name, that he had not been a candidate at all, and that his vote was a surprise to him, for which he thanked his friends. This move on the part of Mr. C. was a surprise to the convention as he would undoubtedly have been nominated in the end.

The second formal ballot gave Wing 28, Shepard 16, Crane 12, scattering 2. Mr. Shepard thanked those who had voted on each ballot for him and withdrew his name.

The third formal ballot gave Wing 36, Crane 11, Shepard 4. Mr. Charles T. Wing, of Perry, having received a majority of all the votes cast, was declared the unanimous nominee of the convention. Mr. Wing accepted the nomination in a short speech.

A representative committee consisting of S. F. Smith, J. W. Hubbard and E. W. Mason was appointed by the chair.

N. K. Potter, of Burns, the Republican candidate for State Senator, was present and in answer to a call, addressed the convention at some length.

The nominee for representative is the present supervisor of Perry township, a practical farmer, a man of good business ability, a member of the Grand Army of the Republic and the Patrons of Industry. He is the man to represent this district in the State legislature.

Married.

ROWLEY—FANNING.—Mr. William D. Rowley and Miss Cynthia J. Fanning left Owosso Sept. 23d, when the groom is employed in the Owosso Casket Works, for Sterling, Ont., the residence of the bride, where they were joined in marriage by R. M. Pope, an esteemed friend of the family. The groom, who is very popular among his associates and a man of exemplary character, and the bride, a lovely and estimable young lady, will receive showers of good wishes upon their return, which will be soon.
